HOST MEETINGS,

ANYTIME, ANYWHERE.

Voice Conferencing

LOOPUP

When you need to host voice meetings or organize a last minute discussions, LoopUp voice conferencing efficiently allows you to bring people together to help you meet your objectives and succeed.

HOLDING A CONFERENCE CALL IS SIMPLE

With Remote Meetings voice conferencing you will receive a simple and convenient solution to create better connections.

Get Started with Audio Conferencing.

- Host audio conferences with up to 300 participants.
- Telephone keypad ("star") controls that let you manage and participate in an audio conference.
- Web-based Audio Controls that let you host or attend a conference.
- Lock, mute, or record your conference. Adjust participant volumes and mute noisy lines.

Simple Conference Access

- Start a conference whenever you need to – no scheduling necessary.
- Join a conference from your computer, phone, or mobile device.

Conference Security

- Lock your conference — control who can access your conference for added peace of mind.
- Enable music on hold.
- Automatically disconnect everyone when you leave.
- Automatically end conferences if you don't join — and prevent unauthorized people from using your account.
